

Motion Display A0 (Indoor Display)

The Captivating Advertising Medium

Motion Display A0 (Indoor Display)

Size A0 ...
will attract a high level of
attention even in large areas

- **Possible display locations:**
Wherever you expect advertising effectiveness even from a large viewing distance: For example in large sales rooms and lobbies, check-in areas at airports, on trade fair booths ... or wherever you want to have increased attention with this spectacular image size.

- **Maximum number of frames:**
10 (medium thickness 0.1 mm)

- **Print materials:** Backlit film and high quality inkjet papers

- **Direction of movement:** Vertically

- **Placement:** Floor stand, as an option with castors; wall- and ceiling mounting;

- **Construction:** Heavy duty metal construction, powder coated, 4.3 mm laminated glass

- **Elegant design** with attractive colour combinations

- **Remote control as an option:** The standstill intervals and the direction of motion may be selected with a remote control unit. This feature lends itself particularly to product presentations with commentary.

- **Double-Display:** Two Motion Displays are also available combined with a single floor stand.
