Safety standards:

- **Possible display locations:**
Especially designed for landscape formatted advertising messages and presentations, for direct point of sale advertising (e.g. A1L) or for advertising at greater viewing distances (e.g. A0L) ... such as automotive and furniture show rooms, check-in areas at airports, on trade fair booths, lobbies and store windows ...

- **Maximum number of frames:**
A1L: 15, A0L: 10
(medium thickness 0.1 mm)

- **Print materials:** Backlit film and high quality inkjet papers

- **Direction of movement:**
A1L: Vertically, A0L: Horizontally

- **Placement:** Floor stand, as an option with castors; wall- and ceiling mounting;

- **Construction:** Heavy duty metal construction, powder coated, 4.3 mm laminated glass

- **Elegant design** with attractive colour combinations

- **Remote control as an option:** The standstill intervals and the direction of motion may be selected with a remote control unit. This feature lends itself particularly to product presentations with commentary.

- **Double-Display:** Two Motion Displays are also available combined with a single floor stand.
